

GEORGETOWN UNIVERSITY
Organic Chemistry II, Chem 2200-20 – Summer 2024
M-F 12:00pm to 2:00pm - Reiss 262
Prof. Oscar Zimmerman

Office: Reiss 236
Telephone: 202-687-5610
E-mail: zimmermao@georgetown.edu (better way to contact than phone)

Office Hours: Professor Zimmerman by appointment

PRIMARY TEXT:

- “Organic Chemistry” by John E. McMurry (Brooks/Cole); 9th Edition.
- "Study Guide with Student Solutions Manual for McMurry's Organic Chemistry, 9th by John E. McMurry.

SUGGESTED SUPPLEMENTARY MATERIAL:

- Molecular models. (Strongly recommended).
- “Organic Chemistry as a Second Language” 3e: First Semester Topics by D. Klein (library reserves, 3rd floor Reiss).
- “Organic Chemistry as a Second Language” 3e: Second Semester Topics by D. Klein (library reserves, 3rd floor Reiss).
- "Problems Workbook for Organic Chemistry" by Svoronos/Sorlo, McGraw-Hill.
- “Organic Chemistry” by M. Jones Jr. and S.A. Fleming.
- “Organic Chemistry” by L.G. Wade.

CANVAS: We will extensively use Canvas for this course, and it will serve as the main platform for communication between the instructor and students. Links to additional course resources, like problems and graphics, can be found under 'Addn'l Resources'.

COMPOSITION OF FINAL GRADE:

Exam	%
1 st	20
2 nd	20
2 nd	20
<u>Final</u>	<u>40</u>
Total	100

GRADING SCALE:

≥92.5	A	≥80.0	B	≥70.0	C	≥50.0	D
≥85.0	A-	≥75.0	B-	≥65.0	C-	< 50	F
≥82.5	B+	≥72.5	C+	≥57.5	D+		

COMMUNICATING WITH THE INSTRUCTOR:

I am here to support your learning, and I encourage you to reach out to me via email or during office hours. To ensure student privacy, please use your official GU account when emailing me or the TA. Emails from other providers will unfortunately be ignored and deleted. When emailing, please include your name and a descriptive subject line. Lastly, please take advantage of all resources available to you before emailing - you might find the answer you need faster that way!

LECTURE TIME: I have requested two hours for this course, which is much longer than the normal allocation of time. This additional time allocation provides flexibility. As the course progresses, I may finish a lecture in less than two hours or skip a day if the course is on schedule. It's important to note that not all the material in the textbook can be covered during lectures. Therefore, I will be focusing on challenging concepts and topics that may not be in the textbook. It is your responsibility to cover all the material detailed in the "Coverage and Suggestions for Problems" document (available on Canvas).

CELLPHONE:

To ensure an engaged learning environment, please refrain from using your cellphone during class. If you need to use your phone for an emergency, please let me know in advance. Thank you for your cooperation in creating a respectful classroom community.

HONOR CODE: *In the pursuit of the high ideals and rigorous standards of academic life, I commit myself to respect and uphold the Georgetown University Honor System: To be honest in any academic endeavor, and To conduct myself honorably, as a responsible member of the Georgetown community, as we live and work together.*

Infringement will be reported, and procedures followed.

IMPORTANT NOTE: Students joining Organic Chemistry II are expected to have reviewed material covered in Organic Chemistry I of the preceding session. See syllabus and text used for this Georgetown course.

SEXUAL MISCONDUCT: Georgetown University and its faculty and staff are committed to supporting survivors and those impacted by sexual misconduct, which includes sexual assault, sexual harassment, relationship violence, and stalking. Georgetown requires faculty members, unless otherwise designated as confidential, to report all disclosures of sexual misconduct to the University Title IX Coordinator or a Deputy Title IX Coordinator. If you disclose an incident of sexual misconduct to a professor or staff member in or outside of the classroom (with the exception of disclosures in papers), that faculty or staff member must report the incident to the Title IX Coordinator, or Deputy Title IX Coordinator. The coordinator will, in turn, reach out to the student to provide support, resources, and the option to meet. Please note that the student is not required to meet with the Title IX coordinator and no action will be taken without the student's awareness. More information about reporting options and resources can be found on the Sexual Misconduct Website: <https://sexualassault.georgetown.edu/resourcecenter>. If you would prefer to speak to someone confidentially, Georgetown has a number of fully confidential professional resources that can provide support and assistance. These resources include:

- Health Education Services: Sexual Assault Response and Prevention: sarp@georgetown.edu
- Counseling and Psychiatric Services (CAPS): 202.687.6985

Additional resources are included below:

- Georgetown Self-Care Resource Guide: <https://studenthealth.georgetown.edu/health-promotion/self-care/>

- Georgetown Wellness Wheel: <https://studenthealth.georgetown.edu/hoya-wellness-wheel/>
- Georgetown Guide to Recognizing Students in Distress: <https://studentaffairs.georgetown.edu/studentoutreach/facultystaffresources/>

Pregnancy Modifications and Adjustments

Georgetown University is committed to creating an accessible and inclusive environment for pregnant students. At any point throughout their pregnancy students may request adjustments/modifications based on general pregnancy needs or accommodations based on a pregnancy-related complication or medical need. Students may also request accommodations following labor and delivery based on a complication or medical need.

To request pregnancy modifications, please complete the [SCS Pregnancy Modification Request Form](https://forms.gle/ZBfASxui7u13A8TU6): <https://forms.gle/ZBfASxui7u13A8TU6>

More information about pregnancy modifications can be found on the Title IX Georgetown University Website: <https://titleix.georgetown.edu/title-ix-pregnancy/student-pregnancy/>

COURSE SCHEDULE.

The actual pace of the course may vary (and impact exam *content*), yet exam *dates* are fixed.

Week of	Topic	Chapter
July 08	Chemistry of Benzene: Electrophilic Aromatic Substitution	16
	Alcohols and Phenols	17
	Ethers and Epoxides; Thiols and Sulfides	18
July 15	Aldehydes and Ketones: Nucleophilic Addition Reactions	19
	Carboxylic Acids and Nitriles	20
	Carboxylic Acid Derivatives: Nucleophilic Acyl Substitution Reactions	21
July 22	Carbonyl Alpha-Substitution Reactions	22
	Carbonyl Condensation Reactions	23
	Amines and Heterocycles	24
July 29	Biomolecules: Carbohydrates	25
	Carbohydrates (con'd)	25
	Biomolecules: Amino Acids, Peptides, and Proteins	26
Aug 05	Nucleic Acids	28
Aug 06	Catch-up/review	
Aug 07	Study day	
Aug 08	Final Exam (Time: 8:30am-11:30am) NOTE: Morning!	

Exam Dates: One-hour exams - July 15, 22, and 29 (20% each)

Final exam – August 8 (40%)

Make-Ups - None; with an acceptable excuse, the Final Exam will count 60%

IMPORTANT DATES:

Classes Begin: 07/08/24
Classes End: 08/08/24
Last Day for Withdrawal: 08/06/22 by 11:59 PM
